1. In general, is there a way we can use different bullet shapes or colors, or different font sizes or colors to help break up the bulleted lists?
2. High quality certified..... appears to be a link, but shouldn't be
3. The sub-bullets under SPT, Comlinear etc.. appear to be links, but shouldn't be correct? Or maybe they link to the same location as the above company company name.??
4. IS: High quality certified replacement parts for a broad range of manufacturers. Including.
 - a. SHOULD BE: High quality, certified replacement parts from the following manufacturers:
5. IS: Monolithic Amplifiers
 - a. SHOULD BE: High-Performance Amplifiers and Hybrid Amplifiers
6. IS: Data Converters, Video Encoders and Decoders
 - a. SHOULD BE: Data Converters, Video Encoders, and Decoders
7. IS: SPT, KOTA, Raytheon Products sold under Fairchild
 - a. SHOULD BE: SPT, KOTA, and Raytheon Products sold under Fairchild
8. Please edit the Cadeka Certification graphic to remove the appearance of it "peeling off". Try adding a reflective surface like in the lower buttons or some other 3D effect.
 - a. Jay will be writing a paragraph describing the Cadeka Certification, so please make the graphic a link to a new sub-page that will house this new paragraph.
9. I will send a separate email regarding my idea for a "Quick Links" section to replace the New Products section on the right for all sub-pages (excluding the home page and 3 other main pages).
